

From Boise, follow Highway 21 to Mores Creek Bridge, cross the bridge and turn right to Spring Shores, Mack's Creek Boat Ramp, Arrowrock Dam, Atlanta (look for the sign). Continue on the main road, which becomes dirt, and narrows, sometimes to one lane. The road is graded but is often washboarded, so a well maintained vehicle with higher clearance is recommended. Continue on the main dirt road for 19 more miles, following the Boise River, passing by the Cottonwood Ranger Station sign (around 12 miles), Willow Creek Campground, the Prairie sign (around 16 miles), and Badger Creek Campground. You're almost there, look for the Welcome to Twin Springs sign! Please double-check your directions before heading out, drive safe and we look forward to your visit.
